- Electric height adjustable from 26" – 38"
- Electric Fowler positioning (back)
- Hand control for electric functions
- 5" Individually Locking Casters
- Width 30" / Length 76"
- 600 lbs LIFT capacity | 900 lbs LOAD capacity
- 76" Length, 30" Width
- Powder coated steel frame
- Paper roll holder
- Corner bumpers
- Bariatric grade foam, 2" thick
- Quality vinyl upholstery

RECOMMENDED ERGONOMIC OPTIONS

- Ultra Low Column - takes the bed down to 19" which is wheelchair transfer height – goes up to 38" – allows the patient to easily enter and exit the bed. Ideal for pediatrics, elderly and disabled.
- Central Locking Casters - Lock and unlock all 4 casters at once with the central locking braking system. Perfect for those who must reconfigure your exam room often.
- Foot Controls - Run the electric positions of the exam bed with your feet, freeing up your hands for the probe and machine.
- Head Rails - 2 styles to choose from. Head rails help the patient position themselves, saving the sonographer from lifting and assisting them into place.

MADE IN USA | BED ARRIVES FULLY ASSEMBLED

It takes one to know one.

A bit about us...the Stasney team.

SonoBed™s are custom designed and hand crafted by registered Sonographer Jason Stasney RVT, RDCS.

Angela Stasney teaches sonographers the importance of ergonomics and how equipment choices, along with simple daily exercise, can further their careers.

You can easily reach us any time at **888.256.8748**.
