# THE SONOBED ATLAS ~ CARDIAC IMAGING

## STANDARD FEATURES

- 13" x 13" Imaging Drop Section (manual)
- 13" x 13" Original Wedge Section (manual)
- Electric height adjustable from 26" – 38"
- Electric Fowler positioning (back)
- Hand control for electronic functions
- 600 lbs. LIFT capacity / 900 lbs. LOAD capacity
- Powder coated steel frame
- Paper roll holder
- Corner bumpers
- Bariatric grade foam, 2" thick

## RECOMMENDED ERGONOMIC OPTIONS

- Power Drop Section - Open/close the section with the handheld control or optional foot controls
- Power Wedge Section - Open/close the section with the handheld control or optional foot control
- Power Foot Panel - Drop the foot panel into any increment you desire
- Ergo Rails side rails - swing down and lock under the bed frame, leaving space for sonographer's knees
- Head Rails - 2 styles to choose from. Head rails help the patient position themselves, saving the sonographer from lifting and assisting them into place

MADE IN USA | BED ARRIVES FULLY ASSEMBLED

It takes one to know one.

A bit about us...the Stasney team.

SonoBed™s are custom designed and hand crafted by registered Sonographer Jason Stasney RVT, RDCS.

Angela Stasney teaches sonographers the importance of ergonomics and how equipment choices, along with simple daily exercise, can further their careers.

You can easily reach us any time at **888.256.8748**.
