THE SONOBED GROVE 45° ~ VASCULAR IMAGING

STANDARD FEATURES

- Double 13" x 13" Wedge Sections (manual built-in patient positioning wedge)
- Designed Exclusively for Venous Insufficiency Studies
- Electric Height Adjustable from 26" – 38"
*See options for Ultra-Low Column 19" – 38"
- Electric Fowler Position
- Electric Trendelenburg +/- 45 degrees
- Built-in foot board for venous insufficiency exams
- Patient Safety Strap
- 5" Individually Locking Casters
*See options for Central Locking Casters
- Width 30", Length 76"
- Hand control for electric functions
*See options for foot controls
- Armboard is optional for upper extremities

RECOMMENDED ERGONOMIC OPTIONS

- Ultra-Low Column lowers the bed to 19" and raises to 38". Ideal for wheelchair transfer height making it easier for the patient to enter and exiting the bed
- Power Foot Panel - Drop the foot panel into any increment you desire
- Ergo Rails side rails - swing down and lock under the bed frame, leaving space for sonographer's knees
- Head Rails - 2 styles to choose from. Head rails help the patient position themselves, saving the sonographer from lifting and assisting them into place

MADE IN USA | BED ARRIVES FULLY ASSEMBLED

It takes one to know one.

A bit about us...the Stasney team.

SonoBed™s are custom designed and hand crafted by registered Sonographer Jason Stasney RVT, RDCS.

Angela Stasney teaches sonographers the importance of ergonomics and how equipment choices, along with simple daily exercise, can further their careers.

You can easily reach us any time at **888.256.8748**.
