- 76" Length, 30" Width
- Powder coated steel frame
- Paper roll holder
- Corner bumpers
- Bariatric grade foam, 2" thick
- Quality vinyl upholstery

RECOMMENDED ERGONOMIC OPTIONS

- Double Power Wedge Section - Open/close the section with the handheld control or optional foot control
- Ultra-Low Column lowers the bed to 19" and raises to 38". Ideal for wheelchair transfer height making it easier for the patient to enter and exiting the bed
- Ergo Rails side rails - swing down and lock under the bed frame, leaving space for sonographer's knees
- Head Rails - 2 styles to choose from. Head rails help the patient position themselves, saving the sonographer from lifting and assisting them into place
- Central Locking Casters

MADE IN USA | BED ARRIVES FULLY ASSEMBLED

It takes one to know one.

A bit about us...the Stasney team.

SonoBed™s are custom designed and hand crafted by registered Sonographer Jason Stasney RVT, RDCS.

Angela Stasney teaches sonographers the importance of ergonomics and how equipment choices, along with simple daily exercise, can further their careers.
